Listing of Claims

This listing of claims will replace all prior versions, and listings, of claims in the application:

Claims 1-82 (canceled)

83.   (Currently Amended) A method of inserting data in a compressed data bitstream, comprising:

~~shifting~~repacking first data in a first portion of the compressed data bitstream to increase a size of a second portion of the compressed data bitstream; and

inserting second data in the second portion of the compressed data bitstream to form a modified compressed data bitstream.

84.   (Previously Presented) A method as defined in claim 83, further comprising examining a frame within the compressed data bitstream to determine a number of skip bytes within the frame.

85.   (Currently Amended) A method as defined in claim 84, wherein ~~shifting~~repacking the first data in the first portion of the compressed data bitstream includes ~~shifting~~repacking the first data based on the number of skip bytes within the frame.

86.   (Canceled)

87.   (New) A method as defined in claim 83, wherein the first portion of the compressed data bitstream comprises one or more audio blocks.

88.   (New) A method as defined in claim 83, wherein the second portion of the compressed data bitstream comprises an auxiliary data field.
